D Y F R I G

We've had a super busy and super active end to the Spring term, with the highlight being our residential visit to Morfa Bay. We enjoyed a whole range of activities and challenges including climbing walls, high ropes and ziplines. We tried our hand at archery, went crab hunting in rockpools and did a night walk to the beach with our torches. Most of us especially enjoyed the assault course, despite the ankle deep mud, freezing cold water to our waists and driving rain as we crawled through tunnels, along wires, over rope bridges and more. Great fun!

We impressed Mrs LJ and Mr W with our teamwork, resilience and the way we pushed ourselves out of comfort zones to go higher or further in nearly every challenge we were set.

This followed on from our Rockpool Restoration day at Llantwit Beach where we did a brilliant job clearing pools and the beach and making our coastal habitats safe for their inhabitants. It is safe to say that our Coast and Cynefin inquiry has been a great success and really rewarding.

Back in school it has been a hectic end to term as we welcomed Section 50 inspectors who were wowed by our marvellous school and its array of talented students.

We also showcased our skills at our Eisteddfod, the online E-steddfod and throughout the colourful week of song and dance with iSingPop. Our Values day and Easter Experience have brought the term to a successful and rewarding conclusion.

Pasg Hapus pawb!
