In PSHE/Jigsaw lessons, the class has been enthusiastically working together, diving into a variety of exciting team building activities!

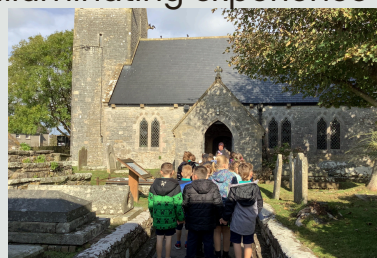

In literacy, the class have been incredibly creative. After reading the delightful book *Sparky!*, they wrote informative leaflets about an animal, showcasing their research and writing skills. More recently, inspired by *The King Who Banned The Dark*, they have been working on writing letters. These activities have not only improved their writing abilities but also sparked their imagination and enthusiasm for storytelling.

This month, our Year 3 students have been busy mastering measurements and addition. They've been learning to write lengths in metres, centimetres, and millimetres, making it a fun and practical way to understand different units. Additionally, they've been focusing on adding numbers with hundreds, tens, and ones, and learning how to carry over values. It's been wonderful to see their confidence grow with each lesson!

In our inquiry lessons, the pupils have had a fantastic time exploring the theme of Light. They delved into various festivals, including Diwali. A highlight was a visit to our local church, where the children were inspired by the beautiful stained glass windows. They then channeled their creativity to design and make their own stained glass windows and created vibrant rangoli artwork for Diwali, making it an illuminating experience for all involved!

We Learn, We Play, We Care, We Pray.
