DEWI

We have been super busy in our inquiry getting different bits ready for our very own Dosbarth Dewi wedding. We were so lucky to share such a special day with all our friends and family, celebrating our friendship and sharing all of our learning. We all had such a great day, dressing up in smart clothes, going to St James' Church for our wedding ceremony and coming back to school to share our inquiry books. Of course we had some cake too to share! The cupcakes we made went down a treat.

Croeso i flog dysgu Dosbarth Dewi!

We have been very creative this month, creating our very own poppies for Remembrance Day using loose parts and using the oil pastels to create our own firework pictures for Bonfire Night. In the run up to our wedding we have been busy creating friendship bracelets for each other, picking out the beads and threading them carefully onto the string.

In our literacy we have been learning how to write a set of instructions, telling Miss Davis how to carve her very own happy pumpkin. We all enjoyed listening to the story 'The Happy Pumpkin' and we loved carving our very own pumpkin. We all got our hands messy! Our most recent story has been all about a scarecrows' wedding. We have been writing using story language to retell the story by Julia Donaldson. In Maths we have been focusing on our numbers to 20 and finding the biggest and smallest numbers.

We Learn, We Play, We Care, We Pray.
