DWYNWEN

We have continued to learn about Judaism as part of our RVE inquiry. Following on from our learning about Moses, we explored the role of a Rabbi; collected our knowledge in small groups and created Padlets to illustrate our learning. We also learned about Shabbat and why this is an important celebration for Jewish people. We had our own meal in our classroom, helped to set the table so there was room for everyone and broke bread together. We learned that the sabbath is a day of rest for the Jewish people, as the 7th day was for God in the story of creation. We also worked very hard to write some amazing diary entries in the role of Peter, considering the events of each day of Holy Week leading up to Easter.

Dosbarth Dwynwen have been working incredibly hard to prepare for Easter.

In literacy, we have read 'The Rhythm of the Rain.' This story described the journey of a raindrop all around the world. Inspired by this, we explored rhythm using instruments and challenged ourselves to represent different weather types using rhythm and sound. Moving on, we worked hard to expand our vocabulary using ambitious adjectives and onomatopoeic words which we developed into similes and adjective stories. This helped us to prepare for and to structure some excellent weather poems.

In maths, we have been working hard to read and solve word problems. We have sorted the instruction words into those that tell us to add and subtract and are able to identify these in our word problems. We can write matching number sentences to help us to work them out.

We Learn, We Play, We Care, We Pray.
