DWYNWEN

As you know, earlier this month we went on our trip to Margam Park Discovery Centre. Despite the rain, we enjoyed applying our map work skills to help us in our orienteering and navigation work. We used maps to help us find animals on the farm and planned our route back to the centre using our compasses. We all had a wonderful day!

In our PE lessons, we have been learning about different ways of travelling, how to jump safely from different heights and how to hold poses on one leg and two. In our Jigsaw lessons, we have been discussing our tersely value of perseverance and discussing when we have shown a positive attitude to work.

Dosbarth Dwynwen have worked incredibly hard to start our learning for our new inquiry. We have been looking at maps and using compass directions and grid references to help us locate places in Wales.

In literacy, we have read a wordless book – Once Upon a Snowstorm. We worked hard to retell the story including lots of lovely adjectives, speech marks and time adverbs! Over the past fortnight, we have been reading Clean Up which has helped us to plan and write a persuasive piece encouraging our audiences to look after and clean up our beaches! We learnt about imperative verbs and have had lots of fun being bossy around the classroom.

In maths, we have been looking at properties of 2D and 3D shapes as well as symmetry. We have been measuring in centimetres and using our problem solving skills to answer reasoning questions.

We Learn, We Play, We Care, We Pray.
