

Charging for School Activities Policy

The governing body recognises the valuable contribution that a wide range of additional activities and experiences can make towards pupils' personal and social education. The governors aim to promote and provide such activities, both as part of a broad and balanced curriculum for the pupils in the schools, and as additional optional activities. All education during school hours is free. We do not charge for any activity undertaken as part of Curriculum for Wales with the exception of individual or group music tuition.

Voluntary Contributions

When organising school trips or visits* which enrich the curriculum and educational experience of the children, the school invites parents to contribute to the cost of the trip. All contributions are voluntary. If we do not receive sufficient voluntary contributions, we may cancel a trip. If a trip goes ahead, it may include children whose parents have not paid any contribution. We do not treat these children differently from any others.

If a parent wishes their child to take part in a school trip or event, but is unwilling or unable to make a voluntary contribution, we do allow the child to participate fully in the trip or activity. Sometimes the school pays additional costs in order to support the visit. Parents have a right to know how each trip is funded. The school provides this information on request.

The following is a list of additional activities organised by the school, which require voluntary contributions from parents. This list is not exhaustive:

- visits to museums;
- outdoor adventure activities;
- visits to the theatre;
- visiting theatre groups/puppet shows;
- musical events.

*excluding residential

Residential Visits

If the school organises a residential visit in school time or mainly school time, which is to provide education directly related to Curriculum for Wales, we request a voluntary contribution for the education, board and lodging and travel expenses. Children in receipt of free meals are exempt from residential costs but are charged a nominal sum to cover transport costs.

Music Tuition

All children study music as part of the normal school curriculum. We do not charge for this. Families who wish their child to learn a musical instrument in addition to our curriculum provision will be given the opportunity to take up this option directly with the provider used by the school. Payment for any lessons will be made directly to the provider.

Swimming

The school organises swimming lessons for all children in year three. These take place in school time and are part of the expectations for our curriculum. We make no charge for this activity. We inform parents when these lessons are to take place, and we ask parents for their permission for their child to take part in swimming lessons. Schools may choose to seek contributions towards the additional indirect costs associated with this activity, including transport costs. Any such contribution towards these costs is voluntary and will not be enforced. Furthermore pupils will not be excluded from taking part in swimming lessons simply because their parents choose not to contribute towards any additional costs.

Extra-Curricular Clubs

The school may offer additional activities after school or during the lunch break. These activities are run on a voluntary basis and are usually provided without charge. There may be occasions where a voluntary contribution is needed to cover additional activities. Please note that the after-school provision / care provided by Sadie and Franks is not an extra-curricular club. Arrangements for accessing after school care should be arranged directly with Sadie and Franks. Booking and payment is made directly to them.

Lost or Damaged Property

Families may be asked to pay the replacement costs of any school property or equipment which is lost or wilfully damaged by a pupil.

Equal Opportunities

We do not discriminate (either directly or indirectly) against anyone on the grounds of their gender, race, ethnic origin, religion, ability, disability, sexuality or any aspect of their social/cultural background. Furthermore, the school community is committed to countering all forms of racial prejudice and discrimination. All procedures are designed to promote equality and diversity.
