Croeso i blwg dysgu Dosbarth Teilo!

What a busy and exciting month we have had in Dosbarth Teilo! We celebrated Shwmae Su'mae Day on the 15th October and thought about the different ways of saying hello yn Gymraeg. We have been super lucky to have Welsh artist Rhys Padarn Jones in for a doodling workshop, and thoroughly enjoyed learning how to doodle in his style of art. It was lots of fun!

We have been very busy putting our writing skills to the test this month, and we have had some rather unusual things to write about. First, we became expert gardeners and wrote our own instructions on how to care for a monster vegetable. These vegetables certainly weren't the friendliest, so we had to think carefully about how to look after them safely! We developed our use of adverbs to explain how actions should be carried out and learnt how to write compound and complex sentences to make our instructions even more interesting. Next, we discovered a rather unexpected visitor when reading Dear Greenpeace — a baby penguin! We stepped into Emily's shoes and wrote our own letters to Greenpeace, asking for advice about what to do with the penguin we had found in school.

In Maths, we have been busy exploring place value and discovering how the position of a digit changes its value in a number. We have been practicing how to find 10 more and 10 less than a given number, using our number knowledge to help us spot patterns and work things out accurately. We have also been working hard on our recall of the 2 times table. We have been practicing our multiplication facts to help us become quicker and more confident when answering questions.

In our inquiry, we have been developing our artist toolkit by exploring the formal elements of art. We experimented with different types of line and created our own linetangles, which came in handy during Rhys Padarn Jones' doodling workshop!
