

Working Together

Music Workshop

Independent Research

Enjoying Percussion

In the blink of an eye September seems to have come and gone and we are already deep into our Autumn term of learning in Dosbarth Illtud. We spent the first two weeks exploring our class book 'The Promise' a story about a little girl that replants a city filling it with hope. We had the opportunity to be creative exploring the themes within the book.

We brought our learning to a close with a wonderful prayer festival where created a space for others to reflect and use. We decided to continue the theme of our book and 'Plant a Prayer'. It was wonderful to see all years across the school using our prayer space.

We thoroughly enjoyed our workshop with Musical Adventures at the start of the term - as always big diolch to Patrick!

Planting a Prayer

Our first singing lesson

Class discussions

Our Learning Journals

We have begun our maths learning this term using Maths No Problem to help us become masters of Problem Solving. We have explored place value, addition and subtraction and have started to delve into multiplication & division.

Our Literacy focus for the first couple of weeks has been persuasive writing, specifically through a speech. We focused on the book 'Floodland' (one of Miss Davies' favourites!) We have learnt about different persuasive features and the impact they can have on an audience. We cant wait to apply what we have learnt in our inquiry lessons.

Our inquiry focus this term is 'My voice is my Vote'. We have throughly enjoyed immersing ourselves into the world of governance and how it works. We began by looking at why we have rules and who makes and enforces the rules.

This led us to look at countries with dictatorships or democratic governments. Following this, we brought our learning back to Wales and the UK, discussing the workings of the UK parliament before our visit to the Senedd next week, which we are very much looking forward to!
